### **MUSL Board President and Powerball Product Group Officers Re-elected for FY2022**

JOHNSTON, Iowa – The Board of Directors of the Multi-State Lottery Association (MUSL) re-elected Sarah M. Taylor, executive director of the Hoosier Lottery, to lead as Board President for Fiscal Year 2022. Taylor has served as MUSL Board President since July 2020 and prior to that role served as Board Vice President.

“It’s a privilege to continue to lead (MUSL) as we set our sights on exciting days ahead for the Powerball brand,” Taylor said. “Our mission remains to provide our Member Lotteries with world-class games to maximize profits responsibly for good causes. We will be focused on sales of existing products and continued innovation.”

Also returning for a second term, Rose Hudson, Louisiana Lottery Corporation President and CEO, and Norm Lingle, South Dakota Lottery Executive Director, will remain in their positions as Board Vice President and Secretary, respectively, through Fiscal Year 2022.

In addition, the Powerball® Product Group will keep its slate of officers for another fiscal year term. May Scheve Reardon, executive director of the Missouri Lottery, will lead as Powerball Product Group Chair, assisted by Vice Chair Drew Svitko, executive director of the Pennsylvania Lottery.

“There’s been a lot of groundwork this past year to revitalize the Powerball game and brand,” said Scheve Reardon. “Along with my fellow directors and lottery partners, I look forward to seeing these efforts come to fruition in the next year.”

The Lotto America Product Group will also be led for a second term by Chair John Myers, West Virginia Lottery Director, and Vice Chair Adam Prock, Minnesota Lottery Executive Director.

The Multi-State Lottery Association is a non-profit association that assists its member lotteries in multi-jurisdictional game development. Each MUSL member offers one or more of the games generally facilitated by MUSL, but retains its independent statutory duties regarding ticket sales, retailer authorization, prize payments, income offsets, and other responsibilities. All profits are retained by the individual lotteries and are used to fund projects or purposes approved by their authorizing legislatures.
